Diversity Fellowship

## White & Case 1L Diversity Fellowship

The diversity of our lawyers is a source of strength, and the nature of our clients' needs requires collaboration across borders. We attract students who prioritize learning of different cultures, experiences, languages and viewpoints. Our mission is to continue to build upon this strength and create an environment where all who work here are encouraged, assisted and inspired to reach their potential. Our proud commitment to inclusion has made us an employer of choice worldwide.

### Fellowship description

As a White & Case 1L Diversity Fellowship recipient, you will participate in our 10-week Summer Program in Los Angeles, Miami, New York or Washington, DC. A portion of your summer will be spent working off-site at the offices of a Firm client. Past clients have included Boehringer Ingelheim USA, Facebook and Pfizer.

As a fellow, you will participate in all aspects of the Summer Program, including our training sessions, the US Summer Associate Conference, ongoing mentorship opportunities, networking with our lawyers and attendance at social events. You will also gain valuable insight into what we do and what it means to practice law simply by working with and observing our lawyers. We know that timely and meaningful feedback is important to your professional growth, and you will receive feedback regarding your work over the course of the summer. A successful fellow will be invited to return to the Firm for the following summer.

**"My client rotation at Facebook was an amazing experience. While I was there I was able to learn more about how global our Firm truly is. It was also an incredible learning experience, especially since I was able to learn more about what the bottom line is for clients, and what they expect from their outside counsel."**
