White & Case SEO Mentor Program

The diversity of our lawyers is a source of strength, and the nature of our clients' needs requires collaboration across borders. We attract students who prioritize learning about different cultures, experiences, languages and viewpoints. Our mission is to continue to build upon this strength and create an environment where all who work here are encouraged, assisted and inspired to reach their potential. Our proud commitment to inclusion has made us an employer of choice worldwide.

Program description

The SEO Law and White & Case Mentor Program matches former SEOs with practicing lawyers. Former SEO Law Fellows who are currently in their 1L year of law school are eligible to apply. Qualifying fellows are paired with a White & Case lawyer for a period of seven months (October to April of 1L year).

Mentoring relationships will:

- Be professional in nature
- Help students make the transition from the academic environment to the world of work
- Provide guidance from someone not affiliated with one's law school, and/or former SEO employer
- Offer an opportunity for professional development, networking and an exchange of ideas between experienced professionals and the next generation of leaders

As a White & Case mentee, you will be required to work with your mentor to create a professional development plan to get the most out of the mentor/mentee relationship. You will speak with your mentor at least once a month to achieve your professional development goals.

Selection process

The selection process is highly competitive, and a successful candidate will possess:

- **Strong academic credentials**
- **Excellent verbal and written communication skills**

"The White & Case Mentorship Program was a wonderful experience and I highly recommend that all apply. The conversations with my mentor were invaluable as I navigated my first year of law school. Our honest discussions gave me insights that went far beyond the conversations I had with my peers on a daily basis. Her insights and her support made me feel that I always had someone in my corner that wasn't afraid to speak the truth. I am so thankful for all the support my mentor and White & Case gave me."
