Please state to what extent you agree or disagree with the following statements:

- a. Trade war developments will negatively impact the level of investment in infrastructure in the US
- b. A significant number of renewable energy projects in the US reaching financial close in 2021-2022 will have a positive influence on other infrastructure investments across the country
- c. A generally lower capital cost of renewable energy projects compared to social and transport infrastructure makes it a relatively more attractive asset class in the US
- d. Public-private partnerships (PPPs) will be the preferred methodology for states and other authorities to deliver infrastructure (exc. energy) projects over the next year
- e. Pre-development agreements (PDAs) will be the preferred methodology for states and other authorities to deliver infrastructure (exc. energy) projects over the next year
- f. Pre-development agreements (PDAs) increase the likelihood of success of infrastructure (exc. energy) projects

Strongly agree
