Awards and Recognition"Lawyer of the Year" in Construction – *Global Who's Who Legal*, 2020"Lawyer of the Year" for work in Construction Law – *Best Lawyers*, 2020"Hall of Fame" for both International Arbitration and Construction – *Legal 500*, 2022

"Phillip Capper is superb"

"Band 1 in Construction: International Arbitration" and "International Arbitration" – *Chambers UK 2022*

"The 'fantastic' Phillip Capper ... is frequently sought out to represent clients in international arbitrations, acting on some of the most complex and high-

Practice Experience

Phillip is partner and Head of International Arbitration at White & Case LLP in London and his practice is focused in international arbitration, and engineering and construction. He has for years been recognised by legal directories as a "leading individual" in these fields. He is at ease in addressing highly technical engineering and technology issues, of which he has also had considerable experience. He is one of the very few lawyers worldwide who has been listed in the Most Highly Regarded Individuals – Global in the *International Who's Who of Business Lawyers in Construction*.

Phillip is a highly regarded advocate in arbitration. As counsel, under many applicable laws, common law and civil law, he has acted under the rules of the ICC, LCIA, and the Stockholm, Madrid and Prague Chambers of Commerce, as well as in contractual mediations and ad-hoc arbitrations under UNCITRAL Rules and otherwise. His cases have included cross-border investor disputes, engineering issues concerning process plant, rail infrastructure, highways, oil and gas facilities, and power and water plants, and applications of international technical standards (ISO, ASTM, etc).

He has led counsel teams in some of the largest projects in the world, from the Channel Tunnel to the expansion of the Panama Canal, and the new generation of nuclear power plants.

As arbitrator, Phillip has chaired ICC, LCIA and UNCITRAL arbitral tribunals, and has served as sole arbitrator and party appointed arbitrator in ICC and LCIA arbitrations. As arbitrator, all his cases have been international cross-border disputes concerning manufacturing facilities design and procurement, mineral supplies and processing, oil and gas plant processing, investor disputes, agency contracts, claims under guarantees, metal ore trading, construction contract disputes, sale and supply issues, and manufacturing plant commissioning; and were governed by the laws of Switzerland, United Arab Emirates, India, Kuwait, Egypt, France, Jamaica, and England.

Former Chairman of the Faculty of Law at the University of Oxford and Nash Professor of Engineering Law at King's College London, Phillip is Emeritus Professor of Law at King's College London. He is an Honorary Member of the Society of Construction Law, an Honorary Member of the Royal Institution of Chartered Surveyors, and Honorary President of the Adjudication Society. For 15 years he was the Director of the Diploma in International Arbitration, held in Oxford each year, the flagship programme of the Chartered Institute of Arbitrators.

For the ICC in Paris he led small working groups drafting model clauses for ICC arbitration and ADR, and for use with the ICC Rules for Expertise. He drafted the disputes clauses in the *New Engineering Contract* 2nd edition and ICE 7th edition and was engaged as expert by

profile disputes relating to major energy, infrastructure and industrial construction projects." – *Chambers UK 2020*

"Leading individual" – *Euromoney's Expert Guides in all three of Best of the Best, Commercial Arbitration and Construction, e.g.2019*

"Phillip Capper has earned a reputation as 'the doyen of construction arbitration' among peers, who add that he is 'extremely knowledgeable, effective and commands respect in this.'" – *Chambers Europe 2019*

"Thought Leader: Global Elite" in International Arbitration, and in Construction (Who's Who Legal "Thought Leaders" feature only the most highly regarded lawyers who through independent research truly stand out in their field as leaders and held in the highest esteem by their clients and fellow practitioners) – *Who's Who Legal, e.g. 2019*

Phillip has also been recognised in Transport – Rail; and in Power (including Electricity, Nuclear & Renewables) – *Legal 500*

Phillip is named in the "Inaugural Arbitration Powerlist" – *Legal 500, 2018*

"Phillip Capper is acclaimed for his acumen and leadership in the international arbitration market. Sources note: 'He's a real doyen. He's got grandmaster stature.'" – *Chambers UK, 2017*

"He is highlighted by market observers as a leading authority on construction-related arbitrations." – *Chambers Global 2017*

"Phillip Capper is widely hailed for his abilities and market presence in international arbitration." - *Chambers UK*

French Association of International Contractors (SEFI) to evaluate *FIDIC's EPC Silver Book*. For *CIRIA's Client's Guide to Risk in Construction* he wrote on legal risk management.

Internationally, he has by invitation lectured in most West European countries, in the USA, Canada and South America, the Middle East, and in Japan, Hong Kong, Singapore, Malaysia and China. These have included the Beijing Arbitration Commission; the keynote speaker to the major Kuala Lumpur conference on the new Malaysian Arbitration Act; the biennial conference of the German (DIS) and the Swiss Arbitration Association; the Vienna VIAC/UNCITRAL annual conference; CPR's annual European conference; IBA Arbitration Day in Geneva; the major international conference "Whose Risk?", informing the Tang Review, in Hong Kong; the XVIIth Annual Meeting of the ICC Institute of International Business Law and Practice in Brussels on dispute resolution within the performance of contracts; the AAA DART (Dispute Avoidance and Resolution Taskforce) Multi-Disciplinary Conference in Kentucky, USA, as special invited speaker on key provisions in the Channel Tunnel Contract; the inaugural Lloyds Register Lecture for the Royal Academy of Engineering on "Practical Management of Legal Risks"; and a colloquium at the French Senate on "L'Europe et les Marchés Publics" (1992) at the invitation of L'Association Promouvoir la France.
